SPRING A
Lesson 4

Which Way Do We Go?

*faith—and this not from yourselves, it is the gift of God—not be
It is by grace you have been saved, though y works, so that no one can boast*

Ephesians 2:8-9

In the car or sitting together with your kids for a meal? Brainstorm situations where people get good things they don't deserve, like an A on a test you didn't study for. Then think of situations where people don't get what they deserved, like a criminal who never gets caught. Talk about how grace is getting something good that is undeserved. Ask, **What do you think might make people choose not to receive God's gift of grace? What about people who do receive it? What do you see people doing with God's grace? What are things we can do to share His gift of grace?**

Try This:

As we plan a trip, I get the kids to look up the route on the Internet and find the shortest route and then, the most scenic route. We've talked about what the map might look like if we were to draw one that showed the quickest way to God and heaven. My son actually put one together that showed a simple straight route right through a cross labeled, "Jesus."
