SPRING A
Lesson 10

Lunch for Everyone

Be devoted to one another in brotherly love. Honor one another above yourselves.

Romans 12:10

In Spring as school is winding down, we try to remember to express appreciation to all the people at school who have influenced our kids' lives during the school year. Whether it's volunteering with the PTA in providing lunch for all the staff or jotting a note of thanks to the teachers, we try to notice and appreciate people in our lives and show Jesus' love. We pray together with our kids that God will touch lives by His Spirit through us.

Try This:

I can feel overwhelmed with my responsibilities: my family, work and even church. When I remember ways that simple things people have offered me to ease my load, it increases my desire to help someone else. When I get an idea of what might help me, I jot it down and then invite God to show me someone else to help in that way. When my kids have appreciated help, I encourage them to jot that down and use that list as a way to develop a helpful attitude, too.
