SUMMER A
Lesson 1

Love Each One

Let us love one another.

1 John 4:7

We're told that everyone has a "love language," a way to show love that really connects with that person. What speaks to the individuals in your family? An act of help? A gift? Quality time? A back rub or hug? Maybe it's your listening ear. As you discover what says "love" to each one, help your preschooler see his or her special role in your family: "You make us smile and laugh." "You are a good listener." "I like the way you help me clean our house." Let each family member know, **All of the ways we show love to our family are ways we show God we love Him, too.**

Try This:

When you have more than one child, it is important that each child knows you value his or her uniqueness. Never expect them to be like each other! When we are all together, I try to make several comments about my kids and share a few qualities I see in each child so that the others can hear. I tell them all, **Each of you is different. You are not supposed to be alike. You are loved just like you are! You are good at different things. God made you and He loves you just the way He made you.**
