Lesson 6

Getting It Right

“The man who looks intently into the perfect law that gives freedom, and continues to do this, not forgetting what he has heard, but doing it—he will be blessed in what he does.”

James 1:25

When you're working in the kitchen together with your kids, ask them to read out loud the instructions you're following to cook your pizza or make brownies or whatever. Imagine with your kids what might happen if you added cooked eggs to the brownie mix instead of raw eggs, or if you baked the pizza for an hour instead of the 20 minutes the package says. Tell your kids, **I'm so glad God gave instructions on how to live the life He created us to live.** Share with them how much you benefit when you follow His directions.

Try This:

We tell our kids what great parents they have. That may sound silly, but we let them know we're looking out for their good in all ways and that we take our God-given job very seriously because we love them so much.
