WINTER B
Lesson 5

Your Child's Timetable

"The Lord knows how we are made."

See Psalm 103:14

Have you ever found yourself wondering why your child hasn't reached some milestone of growth? It's so easy to compare with others how fast they learn to crawl, or when they learn to walk and talk. But each child grows and develops in his or her own special way. Keep in touch with your doctor—and enjoy the fun stages of your child's growth. **You are learning to do so many new things! Once Jesus was a baby. He learned to do many things just like you. God made you. God helps you grow.**

Try This:

Can you make your child giggle? Toddlers like silly things, like a sneeze that's louder than usual or if you fall over or make a funny noise when they touch you. We love the giggles from these silly games for a long time.
